

Fifteenth Year, No. 16

GLEICHEN, ALBERTA, WEDNESDAY, JUNE 29, 1921

Subscription \$2.00 a Year

Successful Sunday Schools Convention

A large delegation of local Sunday School workers, attended the 4th annual District Sunday School Convention in Strathmore on Saturday evening and Sunday last.

The visitors report a very successful convention. Delegates from points as far east as Lethbridge and south to Cardston gathered to compare notes, take stock and help each other in the common task which they have set their hands to.

The first words of welcome spoken by the Supt. Mr. Arthur Shaw and the hearty reception accorded the visitors by those in charge soon made every person feel at home.

Report of the Sunday School population of over 1200 in the district, divided among about 24 schools. In almost every school real progress has been made during the past year. The afternoon session was devoted to conference on the various problems confronting the schools. The discussions were practical and in most cases were crystallized in the form of resolutions which it is hoped will shape the policies of the Sunday Schools for the coming year.

Prof. F. Maclean of Gleichen, presided at all the sessions. Robert Lytle of Banamu, spoke thoughtfully on "The Sunday School's Place in Nation Building."

Miss R. Strev gave an excellent and much appreciated address on girls work, leaving those as a successful principal for successful leadership, a real heart interest in the welfare of the girls.

At the evening session Mr. B. Straton of Calgary, gave an interesting address on "The Importance of the Tokyo Convention, 1920."

A feature of the morning and afternoon sessions was songs, by the Hearty Helpers class of Gleichen and a group of Strathmore young men.

The Convention will meet in Gleichen next year and the others select for the coming year: Dr. F. W. Dicker, Lethbridge, 1st vice; C. Lait, Strathmore, 2nd vice; Rev. R. Lytle, Banamu, 3rd vice; Peter Kelly, Gleichen, Secy. Treas. R. N. Matthews, R. A. Gleichen.

COMING EVENTS

June 29—W. A. Gaudin Party at Major Lewis' home.

June 29—Meeting of the Stewart Government supporters at Gleichen.

June 30—Convention of Stewart Government supporters at Calgary.

June 30 to July 8—Calgary Exhibition.

July 1—Brooks plays Football at Gleichen.

July 1—Calgary League Intermediate play Baseball at Gleichen.

July 1—Gleichen Jrs. play baseball at Calgary.

July 8—Sunday School Picnic at North Camp.

July 20—U. F. A. Picnic and Sports at Lake Molokor.

July 20 to 26—Chautauque at Gleichen.

Aug. 6—Gleichen District Agricultural Association's Exhibition.

Sept. 28—The Gleichen District School Fair.

We regret to announce the death of Mr. Felix Carbell at the Holy Cross Hospital in Calgary on Sunday last. The funeral services take place this morning at 10 o'clock in the Holy Catholic church and on arrival at Gleichen another short service will be held in St. Vincent's church about 11:30, before proceeding to the Catholic cemetery, where interment will take place.

Provincial Election July 18th

Premier Stewart has announced that the general election for members of the Alberta Government will be held on Monday, July 18th next.

The election campaign will be short and already the warriors are preparing for the conflict. There promises to be candidates galore in nearly every constituency, although there seems to be few momentous questions at stake to test the oratorical powers of many would-be law-makers. At Edmonton there is said to be twenty candidates ready to sacrifice themselves to fill the five seats of that city.

Here in the Gleichen constituency there is every likelihood of three candidates competing for the honor of representing us, and others are quite willing to place their names before a convention.

The supporters of the Stewart government have called a meeting in this town for tonight to select delegates to attend a convention to be held in Calgary tomorrow night to choose a candidate to represent them, and rumor has it that at this convention the names J. A. McArthur, Harry Scott and Mr. McKinnon will be up for consideration.

While the Conservatives and U. F. A. have so far made no public move it is said E. A. Wagner of Standard is favored by a number in this vicinity.

Our present member, F. Ed Davis, will naturally be a candidate and is endeavoring to obtain the U. F. A. support, but will run as an independent.

Baseball Results

"Say, we did not come down here to play a bunch of kids. Get out the senior team and we will play them." Thus spoke the members of the South Calgary High School baseball team, just before the game last Saturday, to Principal McKay of the Gleichen school, who replied with, "I am satisfied with my boys." There is no doubt about being satisfied for everybody around this part of the country were, for at the conclusion of the game the score stood 17-3 in favor of Gleichen.

The Gleichen boys show evidence of careful coaching and it is not very often that they make bone-headed plays.

The game Friday in Gleichen with Banamu High School resulted in a win for the Gleichen boys. Banamu made two runs and Gleichen made none. We don't know how many runs.

Don't forget that on July 1st a team of the Calgary Intermediate League will play the Gleichen High School boys at Gleichen.

Football

The football game played last night, between Nightingale and Gleichen, resulted in a draw 1-1.

It was a good clean game from start to finish and considering this is the first time the Gleichen players have been together since the 24th of May, they put up a very good game.

On July 1st, Brooks will play at Gleichen. This promises to be a good game and all football fans are earnestly invited to be on hand and help the Gleichen boys to victory.

Gleichen Convention

A convention of the supporters of the Stewart Government of the provincial riding of Gleichen, for the purpose of nominating a candidate to contest the coming election, has been announced for Thursday, June 30th, at 8 o'clock. The meeting will be held in the Calgary committee rooms in the Alexander corner.

Job Construction of Lomond Railway

Hon. C. R. Mitchell, provincial treasurer, met D. C. Coleman, vice-president of the Western lines of the Canadian Pacific, while the latter was in Calgary, Tuesday of last week, and pressed the immediate construction of the Lomond branch extension. The minister gave a glowing account of the crop prospects in that district.

Mr. Coleman stated that the matter was being considered, and that he hoped to be in a position to say something definite at an early date. The vice-president of the western line is in the city attending a conference of general superintendents and others, and in an interview with a representative of the Calgary Herald confirmed the statement he had made to the Hon. Mr. Mitchell.—Calgary Herald.

Banatyne—Renald

A quiet but pretty wedding took place Wednesday, June 22nd, at 12 o'clock, at the home of Mr. and Mrs. A. N. McLeay, when Miss Victoria Rose, daughter of Mr. and Mrs. F. E. Renald, of Cluny, were united in matrimony to Mr. Ernest Roy Banatyne, the popular druggist of Cluny. The archway under which the happy couple were married was decorated with cream and satin ribbons tied in lovely knots with tiny bouquets. The wedding ceremony was performed by the Rev. Canon Mucken. The bride was given away by her father, Mr. Renald, and looked charming in her bridal gown of white satin and silk georgette embroidered with roses. She wore a Continued From page 4

St. Andrew's Church, Gleichen

July 3, 6th Sun. after Trinity.
Sunday School, 10 A.M.
Holy Communion, 11 A.M.
Evening Prayer, 7:30 P.M.

N.B.—Maximum and Minimum reading and precipitation are for 24 hours ending 8:45 a.m. of the date against which they appear.

Are you preparing for the Gleichen fair?

Winning in Bow River is the most favored pasture for Gleichen flocks these days.

Four U. F. A. and four U. F. W. A. locals are joining to give a picnic and sports at Lake Molokor on Wednesday, July 20th. Look for posters.

Canada has much land too rocky or too sandy to grow farm crops, and just suited to the growing of forest trees. If this land is kept in forest it will help our farmers, manufacturers, merchants, carriers and workmen. But if the forest is destroyed, the land will become a barren desert, streams will dry up and business and industry will be injured. The chief loss of our forests is fire. Most fires are caused by carelessness. Therefore, let all who go into forest be careful with fire.

Care with fire in the woods is a first principle with good woodmen.

CORRESPONDENCE

(Continued from page 1)
question coming to my mind is: "What, in your editorial, does Christian presume to deny he asserts that 'The Sabbath was not given at creation', and also in his second paragraph, 'Nor was it given to commemorate creation'?"

So far as I can discover the editorial in question has nothing whatever to say about creation. It does say: "That Jews and Christians all to one their rest day to recognize that both the Jewish Sabbath and Christian Sunday were one of the religious faiths which we have inherited." I have always understood it so.

My second question is: "Would Christian state definitely and specifically the national event which the Jewish Sabbath commemorates, quoting his authority?"

The several other points raised in Christian's letter can wait until a later date.

INTERESTED CITIZEN.

Bannatyne—Renaud

(Continued from page 1)

telle well caught up in place with orange blossoms and carried a huge shower bouquet of seedling roses. Miss Youne Renaud Renaud, sister of the bride acted as bridesmaid wearing a cute dress of gossamer and silk and wore a corsage bouquet. The groom was supported by Mr. Fred Anderson, of Strathmore. The groom's gift to the bride was a beautiful string of pearls; to the bridesmaid a platinum onyx ring set with a pearl and to the groomsmen a set of gold cuff links. After the ceremony the guests retired to the dining room where a six course dinner was served. The bride's table was centered with her wedding cake surrounded with tulle and carnations. Mr. and Mrs. Bannatyne left for the east on the afternoon train amid showers of rice. The bride travelling in a suit of navy blue heavily embroidered in gold and blue and wore a white fur neckpiece, her hat was of grey georgette with ostrich trimmings and silk veil. On their return they will reside in Calgary.

Ouelletteville News

The crops are all looking splendid in this territory and no grasshoppers to amount to anything. The greatest menace we see is the blight. We notice a few farmers pulling it in the endeavor to keep it in reasonable bounds and over the fence the next man may have a splendid crop of the cured stuff, that he hopes to grow up and sell. Nearly everyone we talk to about weeds makes the enquiry if the inspector travels through this district in the dark.

Meadow Grass channel teachers last week with Jean-Bé-Are for the examination. This is a new feature for the pupils to be examined in their own school by a teacher from another school. This saves the parents considerable expense in sending their children away from home.

An entertainment was given in Meadow Grass school on the 17th, by the pupils, this being the closing day previous to examinations. It was, as usual, a brilliant success for which the teacher, Miss Bell, deserves full credit.

An automobile race was witnessed here last week driven by a man with a red jacket and stripes on his pants, the other car being a little old Ford with an insignificant driver with old glasses on his cap and Johnny Walker under the hood. But, despite the latter's handicap he did not outrun and make a clean getaway.

Who said Medicine Hat was no farmer's country. Ask Spencer.

The weatherman would be more popular if he would send along a few days of rain.

Will be at Chautauqua

Stewart Administration

Promises AND Performs

Very little serious criticism has ever been leveled at the Stewart administration. This is because, in accordance with the eternal principle of Liberalism, it has been fairly and justly by the people. It has given uniformly good government of a constructive kind, and unopposed by considerations of political expediency, and always with the view of public betterment. It has stood for the square deal for everybody in everything it has touched successfully and with flying colors the acid test of the keenest possible public criticism.

Alberta's Upward Progress

No greater tribute to the Alberta government could be paid than that offered by Mrs. H. M. Edwards of Macleod, president of the provincial council of women, who, in the preface to the first and second editions of her book on "The legal status of women of Alberta," says that "the women of Alberta are more advanced in regard to legal status than are those of any other province in Canada." Such a tribute might justly be applied to all classes in the province, for the legislative record of Alberta's Liberal governments has been one of consistently upward progress, many of the enactments placed on the statute books having been adopted by other progressive governments of Canada and elsewhere.

For Rural Districts

Although the needs of urban communities have been well looked after, the legislation enacted for the special benefit of the rural parts of the province is of striking importance. The appropriation this year for roads, bridges and ferries is over two and one-quarter million dollars, making a total appropriation for that purpose in five years six and one-quarter million dollars. The province has been covered by a network of telephone lines, so that now even the most remote districts are in almost instant touch with populated centers. When unfavorable seasons were experienced in certain portions of the province, the government did not hesitate, but paid out nearly one and one-quarter million dollars for seed grain, feed and other relief. The "Cow Bill" has been wonderful.

THE STUART GOVERNMENT today stands behind a long record of legislation, created during the last fifteen years, that has truly met the needs of all classes of people in the province. The opening up of the great northern country; the provincial guarantee of irrigation bonds, the guarantee of the bonds of drainage districts; the strong, systematic and successful effort to obtain wider legislation for Alberta coal; legislation along practical lines directly affecting labor; the workmen's compensation act; the gigantic stride in health legislation—all these stand as monuments to the progressive policy of the government, and prove that, as the result of the Liberal regime in this province.

Alberta Has the Most Beneficent and Far- Reaching Legislation of any Province

fully successful in enabling farmers in newer districts to secure cattle under government loans. Farmers are protected under an insurance from unscrupulous machinery and other contractors. A great deal of other and similar legislation might be mentioned. The government in all its dealings has recognized that the future development of the province rests largely with the agricultural, live stock, and dairy interests, and has endeavored to encourage them to the full extent of its power.

In Interests of Women

Alberta women are especially favored. Alberta is the first province in Canada to grant equal provincial and municipal suffrage. A mother has equal rights with the father in their children. Married women have full control of their own property. Women have a special interest in the "Exception from Statutes of Prohibition," which permits the sale of liquor to a woman under execution. A widow's interest in her husband's estate, despite provisions in a will to the contrary, is now protected. Other legislation has been enacted for women. What now could the government have done for them?

Helping Rural Schools

The educational facilities in Alberta are on a high plane. In order to promote the efficiency and encourage the permanency of rural school teachers, the government pays one-third of the cost of day boarding and furnishing the teachers' homes. Consolidated schools, where the pupils are bused, are aided by government grants. Where consolidation is impossible or is not desired, three times the usual grant is made to two-room schools, so that educated facilities may be largely increased. The educational opportunity of the child in the country is now nearly equal to that of the child in the town or city, by reason of special legislation providing for high school education in the rural districts. The government believes in providing adequate educational facilities for even the most remote districts, so that the children of settlers near a railroad or settlements may have a fair start in life.

Local and District News

Mrs. Joseph Plante and children, of Coleman, arrived Tuesday, to visit Mr. and Mrs. Plante.

Mrs. R. W. Brown and Mrs. L. Michael are attending the Provincial convention of the Women's Institute, in Edmonton this week.

The marriage of Mr. Stephen Biles and Miss Kaye Paine took place in St. Victor's Church on June 25th, Fr. Simpson performing the ceremony.

The Women's Institute will not hold their annual meeting as usual on the last Thursday in June. The meeting will take place on second Thursday in July, at Mrs. Peterson house.

Now is the time irrigation pumps and hundreds of Gleichen farmers are working night and day to get the full benefit of this boon to save their crops. It is not every year that the Gleichen district requires irrigation but it is an insurance that is appreciated in seasons such as the present.

Mr. and Mrs. W. Park Evans, of the Call, returned from a three weeks trip to Vancouver, and other points in British Columbia, on Saturday. Mr. Evans reports recreation somewhat strenuous, but has promised Call readers a full account of their travels and exploits while the editions are safely over and he has retired on a wooden cushion of the Editors chair.

In our last issue "Christian" in his opening remarks in giving vent to his ideas of Sunday says: "You make one of your glances say some things, imply some things and deduce some things." It is very evident "Christian" is very ignorant of newspaper practice or else he is prone to judge things by his own standards. No self-respecting newspaper will place quotation marks around any man's statements or writings unless they are as exact as it is possible to get them, and we resent any such insinuations from Christian and his kind, and hope Call readers will at least admit we are broad minded enough to quote honestly our fellow citizens.

Keep right after the grasshopper
